5	Ms Trushna Kamble	Social Scientist	NGO -Social Worker	MSW- Sociology

It is hereby confirmed that, neither you nor any of the study team members have participated in the voting/decision making procedures of the committee.

The IRB/IEC has reviewed and approved the following documents submitted for the above-mentioned STRG project.

1. Synopsis of research
2. Questionnaire
3. Participant Information Sheet
4. Informed Consent

The IRB/IEC approves the LTRG project entitled "Perception of Managers and care staff regarding the Oral health care experiences and needs of older adults residing in old age homes: A qualitative exploration in the Indian context."

It is understood that the STRG/LTRG/IMR project will be conducted under your direction, in a total of _____ research participants, at Dept of Prosthodontics and Crown & Bridge as per the submitted protocol.

This approval is valid for the entire duration of the project. It is the policy of IRB/IEC that it be informed about any serious adverse event (SAE) occurring during the course of the STRG/LTRG project within seven working days of the occurrence of the adverse event; If "Death" is a SAE, it should be reported to the IRB/IEC within 24 hours of its occurrence via an e-mail.

No deviations from, or changes of the protocol and Informed Consent Document should be initiated without prior written approval by the IRBAEC of an appropriate amendment. The IRB/IEC expects that the investigator should promptly report to the IRB/IEC any deviations from, or changes of, the protocol to eliminate immediate hazards to the research participants and about any new information that may affect adversely the safety of the research participants or the conduct of the trial.
