Herbal garden visit report

15/3/23

An innovative initiative was taken up by D Y Patil Dental School regarding setting up of herbal garden.

Due to the encouraging response from the students last year, the herbal garden visit was planned again this year on 15th March 2023 for 2nd year BDS students.

The intention has been to make the students aware about the benefits and use of herbs in medicine and especially in dental care. A total of 65 students participated in this interesting and enlightening visit. Just like last year a few faculty members from the college also participated in this visit.

The students actively participated in this visit with lots of interesting questions.

This endeavor would help students to work in the field of research on the use of herbs and plants in the treatment of many oral diseases.

A handwritten signature in blue ink, appearing to read "Dr. Anard Shigli".
