DENTAL INFORMATION AND DIAGNOSIS CAMP

Date	11/09//2022
Title	Dental Information and Diagnosis camp
Venue	Gemba Sopanrav Prathamik Vidlaya
Number of Faculty Attended	1
Number of Students Attended	12
Number of Beneficiaries (patients screened)	125

The D Y Patil Dental School's Department of Public Health Dentistry in Pune took proactive steps to enhance oral health awareness in the community. They organized an impactful oral health screening and education event at Gemba Sopanrav Prathamik Vidlaya.

Dental interns from the department delivered an informative presentation on the significance of oral health and proper hygiene practices. This initiative served multiple purposes:

1. Educating children and teachers about simple self-examination methods for oral diseases
2. Emphasizing preventive measures against common oral health issues
3. Providing insights into participants' current oral health status
4. Offering information on available treatment options

The event's success was largely attributed to the enthusiastic involvement of both students and teachers from the school. Their active participation underscored the importance of such community outreach programs in promoting oral health awareness and education.

ALL SMILES PROTECTION ENCAMPMENT

Date	17/09//2022
Title	All smiles protection encampment
Venue	Nirgudi Camp
Number of Faculty Attended	1
Number of Students Attended	15
Number of Beneficiaries (patients screened)	325

The D Y Patil Dental School's Department of Public Health Dentistry extended its community outreach to Nirgudi Camp, organizing a comprehensive oral health initiative. This event combined practical screening with vital health education.

Key aspects of the program included:

1. Oral health screenings for attendees
2. An informative presentation by dental interns, focusing on:
 - o Proper oral hygiene practices
 - o The crucial role of oral health in overall well-being

The event served as a platform to empower both children and educators by:

- Teaching basic self-examination techniques for oral diseases
- Highlighting preventive measures against common dental issues
- Providing individualized insights into current oral health status
- Offering guidance on appropriate treatment options

The initiative's success was evident in the enthusiastic participation of students and teachers alike. Their engagement underscored the community's receptiveness to oral health education and the potential impact of such outreach programs.

KIDS ORAL SCREENING CAMP

Date	15/09//2022
Title	Kids Oral Screening camp
Venue	Z.P.PRIMARY SCHOOL,LOHEGAON
Number of Faculty Attended	3
Number of Students Attended	8
Number of Beneficiaries (patients screened)	150

Students from the D Y Patil dental school recently visited Z.P. Primary School in Lohegaon to promote oral health. The initiative, led by the Department of Public Health Dentistry at D.Y. Patil Dental School in Pune, combined education with practical screening.

Dental interns delivered an engaging presentation on oral hygiene practices and the significance of maintaining good oral health. They also taught valuable skills to both students and teachers, including:

Basic self-examination techniques for oral diseases

Preventive measures to avoid common oral health issues

Information on current oral health conditions and treatment options

The event was well-received, with enthusiastic participation from both the school's students and faculty. This collaborative effort between the dental school and the primary school proved to be an effective way to raise awareness about oral health in the community."

TEETHLY EXPLANATION AND EXAMINATION CAMP

Date	21/11//2022
Title	Teethly explanation and examination Camp
Venue	ASHRAYA INITIATIVE FOR CHILDREN ,YERWADA
Number of Faculty Attended	1
Number of Students Attended	13
Number of Beneficiaries (patients screened)	78

Here's a reframed version of the text you provided, adjusted for the new location:

"The Department of Public Health Dentistry from D.Y. Patil Dental School, Pune, recently conducted an oral health initiative at the Ashraya Initiative for Children in Yerwada. This comprehensive program combined dental screening with educational outreach.

Key elements of the event included:

1. **Oral Health Screening:** Dental interns performed examinations to assess the oral health status of the children at the facility.
2. **Educational Presentations:** The interns delivered age-appropriate talks covering:
 - o Proper oral hygiene practices
 - o The importance of maintaining good oral health
3. **Awareness Building:** The program aimed to educate both children and staff about:
 - o Basic self-screening techniques for oral diseases
 - o Preventive measures for common dental issues
 - o Current oral health status of participants
 - o Child-friendly explanations of available treatment options
4. **Participant Engagement:** The success of the program was largely attributed to the enthusiastic participation of both the children and staff at the Ashraya Initiative.

This outreach demonstrates the dental school's commitment to community service, particularly in supporting vulnerable populations like children in care facilities. The initiative provided valuable dental education and screening services to a group that might otherwise have limited access to such resources

Number of Beneficiaries (patients screened)	130

The Department of Public Health Dentistry from D.Y. Patil Dental School, Pune, recently conducted an oral health initiative at Akansha Academy in Lohegaon. This comprehensive program combined dental screening with educational outreach.

Key elements of the event included:

1. Oral Health Screening: Dental interns performed examinations to assess the current oral health status of students.
2. Educational Presentations: The interns delivered informative talks covering:
 - o Proper oral hygiene practices
 - o The importance of maintaining good oral health
3. Awareness Building: The program aimed to educate both students and teachers about:
 - o Basic self-screening techniques for oral diseases
 - o Preventive measures for common dental issues
 - o Current oral health status of participants
 - o Age-appropriate explanations of available treatment options
4. School Community Engagement: The success of the program was largely attributed to the enthusiastic participation of both students and teachers from Akansha Academy.

This outreach demonstrates the dental school's commitment to community service and preventive dental care education, focusing on promoting oral health awareness among school-age children and educators in the Lohegaon area.

SMILE AND CARIES PROTECTION ENCAMPMENT

Date	14/12//2022
Title	Smile and Caries protection encampment
Venue	ST.PETER SCHOOL
Number of Faculty Attended	2
Number of Students Attended	21
Number of Beneficiaries (patients screened)	90

The Department of Public Health Dentistry at D.Y. Patil Dental School, Pune, recently conducted an oral health screening and awareness program at St. Peter School. The program featured an insightful health talk delivered by the department's interns, emphasizing the importance of oral hygiene maintenance and overall oral health.

This initiative aimed to improve awareness among children and school teachers about fundamental self-screening techniques for oral diseases and effective prevention methods. By educating the participants on how to identify early signs of oral health issues, the interns empowered them to take proactive steps in maintaining their oral health. Additionally, the program provided valuable information on the current oral disease status of the attendees and the available treatment options, ensuring a comprehensive understanding of oral health care.

The program's success was evident through the enthusiastic participation of both students and teachers. Their active involvement and keen interest in the discussions and activities significantly contributed to the program's effectiveness. This engagement helped foster a collaborative environment where oral health education could thrive.

Overall, the oral health screening and awareness program at St. Peter School was a grand success, making a positive impact on the community by promoting better oral health practices and awareness.

Venue	ARIANA SOCIETY, LOHEGAON
Number of Faculty Attended	1
Number of Students Attended	10
Number of Beneficiaries (patients screened)	12

The Department of Public Health Dentistry at D Y Patil Dental School, Pune, organized a successful awareness program at Ariana Society, Lohegaon. The event featured oral health screening, a health education session focusing on oral hygiene practices, practical brushing demonstrations, and detailed oral hygiene instructions for all participants.

The program aimed to raise awareness among residents of Ariana Society about the importance of oral health maintenance and preventive measures against oral diseases. Participants received education on basic self-screening techniques for oral diseases and were provided with information about their current oral health status and available treatment options.

The success of the program was attributed to the dedicated efforts of the Public Health Dentistry Department and the enthusiastic participation of the students. Their active engagement ensured the effective delivery of oral health education and encouraged improved oral hygiene practices within the community.

Overall, the awareness program at Ariana Society, Lohegaon, highlighted D Y Patil Dental School's commitment to community health and served as a valuable initiative in promoting oral health awareness and education among diverse participants.

DENTAL AWARENESS AND CHECKUP CAMP

Date	08/07/2023
Title	Dental Awareness and Checkup camp
Venue	kidzee charholi
Number of Faculty Attended	1
Number of Students Attended	5
Number of Beneficiaries (patients screened)	80

The Department of Public Health Dentistry at D Y Patil Dental School, Pune, organized an oral health screening and awareness program at Kidzee Charholi. Interns from the department delivered a health talk emphasizing the significance of oral hygiene maintenance and oral health. This initiative aimed to enhance awareness among children and school teachers about fundamental self-screening techniques for oral diseases, strategies for preventing oral health issues, and information regarding their current oral health status and available treatment options.

The program achieved great success, thanks to the enthusiastic participation of the school's students and teachers. Their active involvement ensured that the program effectively raised awareness and equipped attendees with essential knowledge and skills for maintaining optimal oral health. This event exemplified D Y Patil Dental School's dedication to community health education, leaving a positive impact on all participants at Kidzee Charholi.

GO ORAL DISEASE CAMP

Date	08/07/2023
Title	Go Oral Disease camp
Venue	GHAR OLD AGE HOME, YERWADA
Number of Faculty Attended	1
Number of Students Attended	5
Number of Beneficiaries (patients screened)	100

The Department of Public Health Dentistry from D Y Patil Dental School, Pune, organized an oral health initiative at Ghar Old Age Home in Yerwada. The event featured oral health screenings and an educational presentation delivered by department interns, focusing on oral hygiene practices and the importance of dental health.

The program aimed to raise awareness among the elderly residents about:

Basic self-screening methods for oral diseases

Preventive measures for common dental issues

Current oral health status of participants

Available treatment options

Despite the change in audience from a school setting to an old age home, the program was highly successful, thanks to the active engagement of the elderly residents and the staff at Ghar Old Age Home.

GO ORAL DISEASE CAMP

Date	10/07/2023
Title	Go Oral Disease camp
Venue	kidzee wadgaon shinde road.
Number of Faculty Attended	1
Number of Students Attended	7
Number of Beneficiaries (patients screened)	100

D Y Patil Dental School's Department of Public Health Dentistry in Pune organized a comprehensive oral health initiative at Kidzee, Wadgaon Shinde Road. The event combined dental screenings with an educational seminar, where department interns delivered informative talks on maintaining oral hygiene and the significance of dental health.

The program served as a platform to educate both students and teachers about:

Self-screening methods for oral diseases

Preventive measures against common dental issues

Participants' current oral health status

Available treatment options

The enthusiastic involvement of Kidzee's students and teachers contributed significantly to the program's outstanding success, making it a highly effective community outreach effort.

HEALTHY TOOTH LEAVE DECAY

Date	19/07/2023
Title	Healthy tooth leave decay
Venue	LITTLE LEARNING SCHOOL ,LOHEGAON
Number of Faculty Attended	1
Number of Students Attended	5
Number of Beneficiaries (patients screened)	90

The Department of Public Health Dentistry at D Y Patil Dental School, Pune, organized an oral health screening and awareness program at Little Learning School, Lohegaon. During the event, interns from the department delivered a health talk emphasizing the importance of oral hygiene maintenance and oral health. This initiative aimed to enhance awareness among children and school teachers about fundamental self-screening techniques for oral diseases, methods to prevent oral health issues, and information regarding their current oral health status and available treatment options.

The program achieved significant success, primarily due to the enthusiastic participation of the school's students and teachers. Their active involvement ensured that the program effectively raised awareness and equipped attendees with essential knowledge and skills for maintaining optimal oral health. This event demonstrated D Y Patil Dental School's commitment to community health education, leaving a positive impact on all participants at Little Learning School, Lohegaon.

Number of Beneficiaries (patients screened)	550

The Department of Public Health Dentistry at D Y Patil Dental School, Pune, organized an oral health screening and awareness initiative at Kendriya Vidyalaya No. 1, AFS, Lohegaon. During the event, interns from the department delivered a health talk emphasizing the importance of oral hygiene maintenance and overall oral health. They also educated attendees, including children and teachers, on basic self-screening techniques for oral diseases, strategies for preventing oral health issues, and informed them about their current oral health status along with available treatment options.

The program received enthusiastic participation from both students and teachers, contributing to its success. It served as a valuable opportunity to enhance awareness about oral health among the school community, empowering them with knowledge to take proactive measures for oral hygiene. The collaborative effort between the dental school and Kendriya Vidyalaya No. 1 underscored the importance of community engagement in promoting dental health education effectively.
