To whom it may concern,

It is with great pleasure that I write this letter in confirmation of Ms. Yashi Sampat Parmar, a dental graduate from D. Y. P. a. t. H. dental college, Pune who worked within our esteemed clinic as an associate dentist for a period spanning from 1st January 2024 Till Now 30th April 2024

During her tenure she was responsible for providing high-quality dental care, performing minor surgical procedures, diagnosing the exact cause and planning appropriate treatment for the well-being of the patient.

Throughout her time with us, apart from being skilled she's been extremely humble towards the patients at the same time she consistently upheld the highest standards of professional ethics.

A hardworking, honest, punctual and professional of high caliber is undeniably what describes her. She is gonna be a great asset to any organization or team.

Kind regards,

DR. Shoaib Qureshi

Date- 30/8/2023

B.D.S (INDIA)
Consultant dental surgeon
My dental care

It gives me immense pleasure in writing this experience letter for Dr. Batul Mohammed Ali Shaikh, she completed her BDS from D. Y Patil Dental school (M.U.H.S), Pune, and has been employed at My Dental care clinic Dhanori branch pune, from 10 January 2022 till 29 August 2023 as a part time dentist. during this time i have found her to be extremely knowledgeable with a high degree of integrity and a cheerful personality. She has followed all instructions and taken initiative, as appropriate. She has advised and motivated patients positively.

As a dentist her duties were:

1. Examining patient and interpreting radiographs and diagnostic tests, to determine the type and extent of dental diseases, disabilities or dysfunctions.
2. Restoring the form and function of carious, fractured or otherwise defective teeth
3. Extensive knowledge of medical tools used in treatments.
4. Educating patients on issues regarding preventive maintenance of the mouth, teeth and gums. this includes informing them of the proper way to brush teeth and use dental floss, as well as how dietary choices affect their dental health
5. Oral prophylaxis and cleaning procedures
6. Root canal procedures and post and core build ups.
7. tooth extractions, placing and removing sutures.
8. Tooth preparations to receive crowns and bridges.
9. Fabrication of complete dentures and removable partial dentures.
10. Teeth whitening and repairing fractured or chipped teeth.
11. Monitoring patient volume and maintaining patient records at the clinic.

I have found her to be extremely sincere, hardworking and dedicated to the field of dentistry, she has followed all protocols and respected patient confidentiality.

I wish her success and expect her to succeed in her future endeavours just as she succeeded in my dental office.
sincerely,

For,
Dr. Shoaib Qureshi
