3	Implant Clinic	5
4	Geriatric Clinic	6
5	Special Health Care Need Clinic	7
6	Tobacco Cessation Center Clinic	8
7	Aesthetic Clinic	9

Students training in specialized clinics during their program

DYPDS provides an excellent platform to students for specialized training through the following dedicated special clinics

1. Implant Clinic
2. Geriatric Clinic
3. Specialised Health Care need clinic
4. Tobacco Cessation Clinic
5. Aesthetic clinic
6. Integrated/Comprehensive Clinic

1. Implant Clinic

The Implant clinic intends to the placement of dental implants and enhances multidisciplinary learning as faculty from four different departments (Dept of Prosthodontics, Dept of Oral and Maxillofacial Surgery, Dept of Periodontics, Dept of Orthodontics) work together to provide quality treatment to patients who have lost their teeth and related oral structures thereby rehabilitating the patient's better quality of life. The implant clinic is well equipped with physio dispensers and different implant surgical and prosthetic kits, specialized equipment kit (Piezo and sinus Lift). The clinic maintains a stock of implants with all components for implant placement and prosthetic rehabilitation.

2. Geriatric Clinic

Geriatric dentistry deals with the delivery of dental care of older adults involving diagnosis, prevention, management and treatment of age associated problems. This Clinic is an essential part of Dept of Prosthodontics and is equipped specially to handle elders above 65 yrs. All age related dental issues are dealt in the clinic. Patients are treated with utmost care, keeping in mind the age related systemic issues and co - morbidities.

3. Special Health Care Needs Clinic

The Special care need clinic recognizes that providing both primary and comprehensive preventive and therapeutic oral health care to individuals with special needs and intellectual disabilities. The clinic ensures optimal attainment of oral health care. This clinic is part of Dept of Pedodontics and preventive dentistry

4. Tobacco Cessation Clinic

Tobacco Cessation clinic is an integral part of Dept of Oral Medicine and Radiology where the services offered include individual intervention in the form of behavioral counseling. In this clinic we also intend to create awareness about the negative effects of tobacco (smoke and smokeless tobacco) by conducting various tobacco cessation programs.

5. Aesthetic Clinic

The aesthetic clinic is a part of Dept of Conservative Dentistry and Endodontic and is actively involved in restoration of form and function thereby resulting in aesthetic enhancement of teeth. Smile design and smile makeover of teeth is carried out using some of the following procedures; teeth whitening procedures, Veneers, restoration of decayed tooth with tooth colored restorative materials and restoration of fractured tooth.

6. Comprehensive Clinic

The integrated clinic is a multispecialty dental clinic where all the specialty dental care is provided at one place. Faculty and interns are posted from all departments on rotatory basis in the clinic. This clinic is part of Dept of Public Health dentistry
